To whom it may concern

Harding Consultants – IPENZ Transportation Group conference 2016

This is to confirm that Glenda Harding and her team at Harding Consultants were engaged by the Institute of Professional Engineers of New Zealand (IPENZ) Transportation Group to organise the 2016 conference.

I was the conference convenor and was very happy to engage Glenda's services, having seen the high level of professionalism from the Harding Consultants team in previous conferences. Her team were friendly, competent and agile, so took a lot of the pressure off me.

The conference was held from 7-9 March 2016 in the Pullman Hotel, Auckland and was roundly held up as a highly successful and well arranged conference, with a significant increase in the number of delegates from 2015.

The conference was delivered within the agreed budget and went off without a hitch, despite a last minute date shift out of Glenda's control.

I would highly recommend Harding Consultants to any other organisation seeking a conference organiser and would be happy to discuss my experience with Glenda and her team.

Yours sincerely

Daniel Newcombe
IPENZ Transportation Group 2016 conference convenor
